ACTIVITY DESCRIPTION	<p>Explain game rules.</p> <p>Inside the box is a range of items used to keep people healthy when they are having sex. FACILITATOR NOTES	<p>Read the clues from the sexy lucky dip facilitator's guide.</p> <p>Have participants guess the clue before someone looks for the item. This encourages everyone to get involved.</p> <p>You may choose to hold on to the box for most of the game and only give the box over to participants after the clue has been guessed. This may help keep participants on task.</p> <p>After the item has been found, provide information, ask/answer questions using the facilitators guide.</p> <p>For each item, ask participants what they know about it, and if they have any questions.</p> <p>It may help to reassure participants that all items are safe and sterile and they will not be in any danger by rummaging around in the box.</p>
